PMT-30

Confezionatrice Automatica

DATI TECNICI:

Produzione max: 30 U/min

Altezza: 40mm min / 140 mm max.

Larghezza: 100mm min / 200 mm max.

Lunghezza: 150mm min / 330 mm max.

Pressione aria compressa: 6 bar.

Lunghezza macchina: 3340 mm.

Larghezza macchina: 3045 mm.

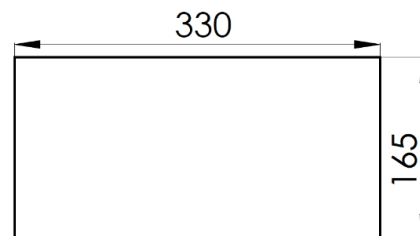

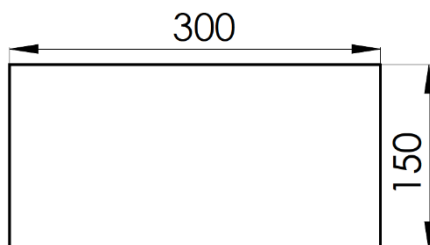

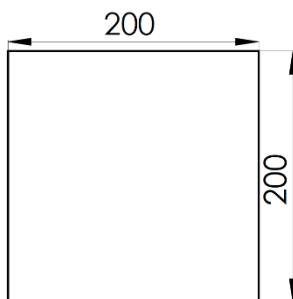

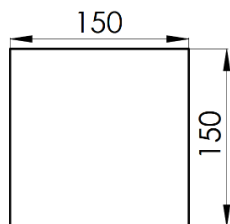

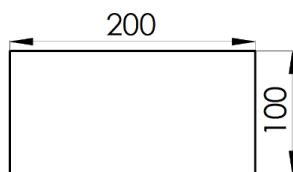

Altezza macchina: 2067 mm.

Peso: 1330 kg.

Potenza installata: 7 Kw.

Voltaggio: 3 x 400V + N/PE.

FORMATI e DIMENSIONI

CARATTERISTICHE TECNICHE:

Sistema automático per confezionamento di tovaglioli.

Introduzione del prodotto con Sistema continuo o passo/passo

Regolazione temperatura mediante schermo touch screen

Cambio formato veloce e semplice.
