*Machine for making **TABLECLOTH**, model TM1200,
with the following equipment:*

1. [BASE MACHINE](#)
2. [ELEMENTS](#)
 - 2.1. [Unwinder group of 5 rolls](#)
 - 2.2. [Main section of embossing and cut](#)
 - 2.3. [Decelerate group of tableclothes](#)
3. [OPTIONAL EQUIPMENT](#)
 - 3.1. [Folding system](#)
4. [BUYING CONDITIONS](#)
 - 4.1. [Price](#)
 - 4.2. [Payment method](#)
 - 4.3. [Delivering period](#)
 - 4.4. [Delivering conditions](#)
 - 4.5. [Guarantee](#)
 - 4.6. [Expiry of the offer](#)
 - 4.7. [Others](#)

TECHNICAL CARACTERISTICS

TM1200

MAIN SECTION OF EMBOSsing AND CUT

Width × Height × Length	2.100 × 1.900 × 4.100 mm .
WEIGHT	6.000 Kg
Material	Paper from 40 to 60 g / m2 .
Maximum Mechanical Speed	80 m / min. × 1 roll
Maximum production 5 roll:	(Depending of the material) 20.000 uts / hour.
Power installed / Voltage	14,2 Kw / 380 V.c.a .
Color from the structure of the machine:	GREY RAL 7035.
Color of the external protections:	BLUE RAL 5024.
Language of the machine / manual:	English.

EMBOSSING GROUP

Type	Steel – Steel drawing in continuous.
Diameter capter roller	210 mm.

UNWINDER 5 ROLL

Width × Height × Length	2.600 × 3.800 × 9.900 mm .
Weight without rolls	4.000 Kg
Maximum roll width	Maximum 1200 mm, Minimum 800 mm.
Maximum roll diameter	1200 mm.
Roll inner diameter	76 mm.
Maximum roll weight	1.000 Kg/roll.

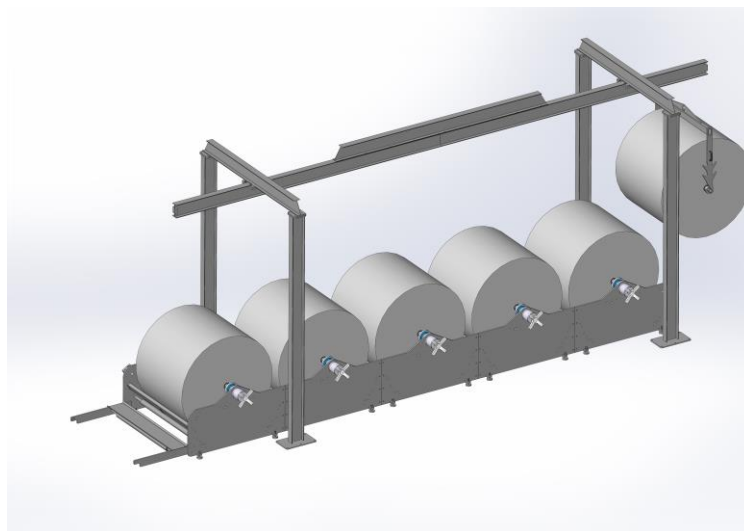

1. BASE MACHINE: [b](#)

- Machine for the manufacture of embossed and cut tableclothes.

2. ELEMENTS: [b](#)

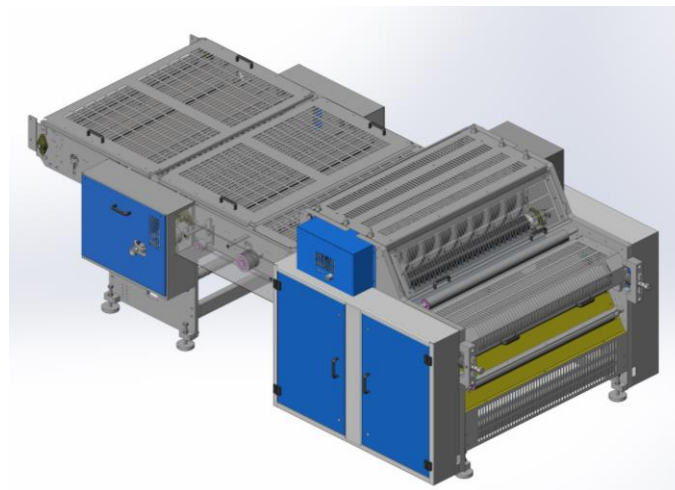

2.1. UNWINDER GROUPS OF 5 ROLLS [b](#)

- Bridge crane structure to load rolls, with electric motor with linear displacement and elevation.
- Group of five unwinder hook supports with quick-connection pockets for the shaft and lateral adjustment by means of a handwheel.
- 5 pneumatic expandable axis for hooking rolls of inner diameter of $\varnothing 75\text{mm}$
- 5 brake sets with independent adjustable strength.

2.2. MAIN SECTION OF EMBOSSING AND CUT [b](#)

- Group of Steel – Steel drawing in continuous embossing.
- Rotary blade with some deviation for better cutting.
- Storage system for tablecloths with access to an optional folding system.
- Electric system with servomotor for quick cutting change, through programming in the touch screen controls in order to get all formats available. (from 800 to 1200mm)
- Available rotating drum for storing 100 tableclothes maximum.
- Width roll, from 800 mm to 1200 mm.
- Material: paper from 40gr to 60gr.
- Touch screen for faster changes in machine.

2.3. DECELERATE GROUP OF TABLECLOTHES [b](#)

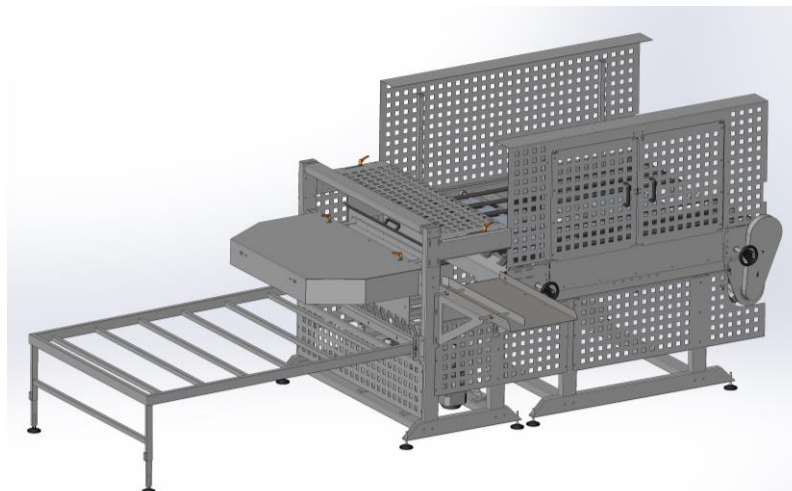

- Group of deceleration by means a motor for a better storage either directly in table or by folding system.
- Width × Height × Length: 1.750 × 1.400 × 1.300 mm
- Weigh: 450 Kg

3. OPTIONAL EQUIPMENT: [b](#)

3.1. FOLDING SYSTEM [b](#)

- System for folding and storing packages with a lung belt with a maximum of 3 bundles and a belt perpendicular to the output to introduce into the packaging machine.

4. BUYING CONDITIONS [b](#)

4.1. PRICES [b](#)

BASIC EQUIPMENT	PRECIO
1. Machine for making TABLECLOTH	360.000 €
2. COMPONENTS:	
2.1. Unwinder groups of 5 rolls	
2.2. Main section of embossing and cut	
2.3. Decelerate group of table cloth	
3. OPTIONAL EQUIPMENT:	
3.1. Folding system	65.000 €
TOTAL	425.000 €

*TAXES NOT INCLUDED

4.2. PAYMENT METHOD [b](#)

- 40% with the cofirmation of the order.
- 60% in the approval of the machine in our facilities.

4.3. DELIVERING PERIOD [b](#)

- 5 - 6 working months approximately. The period of delivering, it'll be established with the formalization of the contract and it'll start counting since the confirmation that we've received the first payment. Once we've received the money, we'll start with all the process immediately. The delay on the payments could delay the delivering period too. Due to the extended delivery period of electrical components the delivery period of our machine could be extended too.

4.4. DELIVERING CONDITIONS [!\[\]\(751004853040ad2dcb195fee6eb53cbc_img.jpg\)](#)

- EXW (Guadassuar, Valencia, Spain).
- NOT INCLUDED in the price above:
 - Cost and insurance from the transport of the machine.
- Travel, accommodation and support of our technics during the set up of the machine. In case of force majeure situations the cost will be on client's charge.
 - Instalation of the machine in the client's factory, besides the price of the workers:

RATE OF INSTALLATIONS AND TECHNICAL ASSISTANCE	PRICE H/€
HOURS TRAVELING TECHNICIAN ASSISTANT	30 €
HOURS TECHNICIAN ASSISTANT	46 €
HOURS TRAVELING TECHNICIANS	40 €
HOURS ELECTRICAL TECHNICIAN	60 €
HOURS MECHANICAL TECHNICIAN	60 €

***TAXES NOT INCLUDED**

Expected time of installation: one week.

Required: one electrical technician, one mechanical technician and technician assistant. It could be prolonged depending on the difficulty of the installation and the training to the workers.

4.5. GUARANTEE [!\[\]\(58935a5c7b3bb0b96c05eb24da063363_img.jpg\)](#)

- During a period of 12 months from the last day of installation of the machine in the client's factory, but in anycase not longer than 18 months from the delivering day.
- Guarantee cover all defects from production, and we'll send you free any component that, after its analysis, it has been considerate faulty.

- Working parts hold to erosion won't be included in the guarantee.
- Those components which erosion or breakdown that had been provoked by a wrong manipulation or an incorrect use, won't be replaced by conditions of guarantee.
- Guarantee will be canceled in case that the client make reparations or modification without the consent of TEYMAN CONVERTING.
- Guarantee doesn't cover any compensation for the transport or the period of inactivity from the machines.
- The intervention of the Technical Service will be as soon as posible, traveling cost and accommodation will be in client's charge.

4.6. EXPIRATION OF THE OFFER. [b](#)

- 30 days.

4.7. OTHERS [b](#)

In case of dispute, the competent court will be the court from the seller of the machine home adress.

Costs derived from COVID19 and other pandemics issues will be in clients charge. All PCR or other test required, costs derived of overstayng in client's country due to obligated quaranteens and other problems due to restriccions of mobility in clients country will be in client's charge.

Best Regards,

Rafa Lapeña
